Your Listing

We have the facility on the DSSUK website to publish a full list of members. A Member Search facility will enable members and non-members, to find breeders nationally and in their area. Members contact details will be available via a search, which will allow visitors to the site to search on surname, county, postcode, or prefix.

We must also have your consent to include these details in any flock book or listing published by DSSUK.

We must allow you to select exactly what appears on the website for you and your flock.
