VOTE	6. Charmaine Plummer	Westwood
	Higher Coombe Farm, Wimborne, Dorset BH21 3RR	Flock 306

Charmaine has been breeding Dutch Spotted Sheep since 2021, after they were bought for her as a gift for hard work with the commercial flock. This gift then turned into a passion, and her Westwood flock has been very successful in the show and sale ring, achieving Interbreed Champion with a homebred ram at New Forest Show last year. Charmaine uses a Spotty ram on her commercial flock and loves the fact that they produce great finishing carcass lambs. She is keen to promote and further improve the breed within this commercial sector.

VOTE	7. Jack Simpson	Back Tor
	Back Tor Cottage, Stoney Middleton, Derbyshire S32 4TS	Flock 102

I started breeding Dutch Spotted sheep five years ago at Stoney Middleton, Derbyshire. My family have farmed all my life and I rode ponies to County level and qualified for all major shows. I currently run our family's Refractory business. I am committed to furthering breed correctness and to sell to the commercial market. I travel to many sales looking for new blood lines to introduce to my flock. I have had success in the show ring being; Overall Male Champion at the Society Show and Sale, Gt Yorkshire 2023 Male Champion and Reserve Overall and Male Champion Royal Cheshire Show. If elected to be a Trustee I will be an honest and hard working member with a common sense approach to promoting the breed and encouraging new members to join the Society.
